PERFECT MATCH

Effortlessly coordinate your cooking and cooling appliances with the FxF 60:40's colour-matched fascias, which precisely complement any Rangemaster range cooker in cream, black or stainless steel.

Look inside for more eye-catching design features such as silver trimmed shelves and atmospheric lighting.

ECO CHIC

Help the environment and reduce your electricity bill thanks to this appliance's impressive A+ energy rated refrigerator and 4 Star rated freezer – the best eco credentials on the market.

HIGH-TECH FUNCTIONALITY

Sporting a sleek electronic LED display panel with elegant push-touch controls, it is easy to activate functions and monitor the temperature of both fridge and freezer.

The electronic controls also feature holiday mode activation, which turns the fridge off while you are away, leaving only the freezer on.

HUMIDITY CONTROLS

Fresh fruit and vegetables last longer in the spacious humidity controlled crisper drawer, reducing food wastage and number of shopping trips.

There is also a separate enclosed crisper drawer designed to safely store meats and fish, avoiding cross contamination with the rest of your food.

FxF 60:40 REFRIGERATION

A sleek split-level layout with impressive capacity makes this design-led fridge-freezer perfect for those who are pushed for space, but won't compromise on style.

Bringing stylish design to the 60cm fridge-freezer market, our new FxF 60:40 collection coordinates seamlessly with any Rangemaster cream, black or stainless steel range cooker and offers flexible storage, alongside the very latest cooling technology.

Frost-free throughout

Frost-free technology is one of the most welcome labour-saving advances within the last decade, and this model features frost-free on both fridge and freezer so you'll never have to defrost again.

Flexible storage

Every inch of storage capacity is accounted for thanks to in-door shelving, bottle racks, flexible safety glass shelves, two crisper drawers (one humidity controlled) and a spacious dairy compartment complete with two egg trays and a butter container.

Speedy cooling

Express chill fresh foods and bring beverages up to serving temperature quickly and easily with the fridge compartment's clever Super Cooling function. The freezer also has a Super Freeze option, which dramatically reduces the time it takes frozen shopping to return to its correct temperature.

Features

- Impressive 310 litre (11.8 cu ft) net capacity
- A+ rated for energy efficiency
- Totally frost-free throughout the fridge and freezer
- Internal electronic control panel
- Electronic 'door open' alarm
- European sizing ensures streamlined fit with cabinetry
